In our opinion, the accompanying parent company only financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2022 and 2021, and its financial performance and its cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers.

### Basis for Opinion

We conducted our audits in accordance with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants, and Standards on Auditing of the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Parent Company Only Financial Statements section of our report. We are independent of the Company in accordance with The Norm of Professional Ethics for Certified Public Accountant of Republic of China, and we have fulfilled our other ethical responsibilities in accordance with the requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis of our opinion.

### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the parent company only financial statements of the current period. These matters were addressed in the context of our audit of the parent company only financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Evaluation of investments accounted for using the equity method

Please refer to Note 4(g) “Investment in associates” and Note 6(e) “Investments accounted for using the equity method” to the parent company only financial statements.

Description of key audit matter:

The investments in its subsidiaries accounted for using the equity method constitute 56% of the total assets of the Company and the amount is material. As a result, the evaluation of investments accounted for using the equity method is our key audit matters.

How the matter was addressed in our audit:

Our principal audit procedures included: Recalculating the shares of profit or loss of associates and subsidiaries in accordance with ownership percentage of shares; confirming the information of long-term equity investments by confirmation letter; discussing with the management about the evaluation of subsidiary-related significant matters, as well as understanding the reasonableness of the subsidiary' s revenue recognition, valuation of impairment for accounts receivable and inventories; considering the adequacy of the Company' s disclosures on its accounts.

### **Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements**

Management is responsible for the preparation and fair presentation of the parent company only financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and for such internal control as management determines is necessary to enable the preparation of parent company only financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the parent company only financial statements, management is responsible for assessing the Company' s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance (including the Audit Committee) are responsible for overseeing the Company' s financial reporting process.

### **Auditor' s Responsibilities for the Audit of the Parent Company Only Financial Statements**

Our objectives are to obtain reasonable assurance about whether the parent company only financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor' s report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with the Standards on Auditing of the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these parent company only financial statements.

As part of an audit in accordance with the Standards on Auditing of the Republic of China, we exercised professional judgment and professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtained an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company' s internal control.

3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Concluded on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and with the IFRSs, IASs, IFRC, SIC endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance (including the Audit Committee) are responsible for overseeing the Group's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Consolidated Financial Statements**

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with the Standards on Auditing of the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with the Standards on Auditing of the Republic of China, we exercise professional judgment and professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtained an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.

3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Concluded on the appropriateness of management' s use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group' s ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor' s report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor' s report. However, future events or conditions may cause the Group to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. Obtain sufficient and appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partners on the audit resulting in this independent auditors' report are Cheng-Hsueh, Chen and Shyh-Huar, Kuo.

  - 5.8.7.4.4 The real property right-of-use assets for business use are acquired by the Company with its Subsidiaries, or by its Subsidiaries in which it directly or indirectly holds 100% of the issued shares or authorized capital.

  - 5.8.7.5.1 Where the related party acquired undeveloped land or leased land for development, proof of compliance may be submitted with one of the following conditions:
    - 5.8.7.5.1.1 Where undeveloped land is appraised in accordance with the means in the preceding Article, and structures according to the related party's

construction cost plus reasonable construction profit are valued in excess of the actual transaction price. The term "Reasonable construction profit" shall be deemed the average gross operating profit margin of the related party's construction division over the most recent 3 years or the gross profit margin for the construction industry for the most recent period as announced by the Ministry of Finance, whichever is lower.

- 5.6 If a shareholders' meeting is convened by the board of directors, the Chairman shall preside at such meeting. If the Chairman is on leave or unable to exercise his powers and duties for any reason, the Vice Chairman shall preside at such meeting. The Chairman shall designate a managing director to preside as the chairman if a Vice Chairman is not appointed, or if the Vice Chairman is on leave or unable to exercise his powers and duties for any reason. If no managing director is appointed, the Chairman shall designate a director to preside as the chairperson. If the Chairman fails to designate a chairperson for the meeting, the managing director or the directors shall nominate one from among themselves to preside at the meeting.

- 5.8 The calculation of the number of shares present shall be based on the attendance register or sign-in cards submitted by the shareholders and those shares whose votes are exercised by mail or electronically via the internet. The chairperson shall call the meeting to order at the time scheduled for the meeting, as well as announcing information such as the number of shares with no voting right and shares present. In the event that the meeting is attended by shareholders representing less than half of the total issued shares, the chairperson may announce a postponement of the meeting, however, there may not be more than two postponements in total and the total time accumulated in the postponement(s) shall not exceed one hour. In the event that the meeting is still attended by shareholders representing less than one-third of the total issued shares after two postponements, the chairperson may announce that the meeting should be canceled.

In the event that the meeting is attended by shareholders not up to the specified quorum but representing more than one-third of the total issued shares after two postponements in the preceding paragraph, a tentative resolution may be passed in accordance with Article 175, paragraph 1 of the Company Act, and the tentative resolution shall be notified to the shareholders to call the shareholders' meeting again within one month.

In the event that the total number of shares represented by attending shareholders reaches a majority of the total issued shares before that same shareholder meeting is adjourned, the chairperson may bring the tentative resolution(s) so adopted into the shareholder meeting in accordance with Article 174 of the Company Act and re-submit to the shareholders' meeting for voting.

- 5.9 The agenda for the shareholders' meeting shall be set by the Board of Directors if such meeting is convened by the Board of Directors. Unless otherwise resolved by resolution at the meeting, the meeting shall be carried out in accordance with the scheduled agenda.

The preceding paragraph shall apply mutatis mutandis to meetings convened by any person, other than the Board of Directors, with the authority to convene such meeting. A shareholder holding 1 percent or more of the total number of issued shares may

submit a proposal to the Company for discussion at a regular shareholders meeting. The proposal is limited to one item. Any proposal with more than one item shall not be included in the proposal. In addition, when the circumstances of any subparagraph of Article 172-1, paragraph 4 of the Company Act apply to a proposal put forward by a shareholder, the board of directors may exclude it from the agenda. Shareholders may submit suggestive proposals to urge this Company to promote the public interest or fulfill its social responsibilities. It shall be limited to one proposal in terms of the procedure in accordance with the Article 172-1 of the Company Act. Any proposal in excess shall be excluded from the agenda.

Prior to the book closure date before a regular shareholders meeting is held, this Company shall publicly announce that it will receive shareholder proposals, and the location and time period for their submission; the period for submission of shareholder proposals may not be less than 10 days.

Shareholder-submitted proposals are limited to 300 words, and no proposal containing more than 300 words will be included in the meeting agenda. The shareholder making the proposal shall be present in person or by proxy at the regular shareholders meeting and take part in discussion of the proposal. Prior to the date for issuance of notice of a shareholders meeting, the Company shall inform the shareholders who submitted proposals of the proposal screening results and shall list in the meeting notice the proposals that conform to the provisions of this article. At the shareholders meeting the board of directors shall explain the reasons for exclusion of any shareholder proposals not included in the agenda.

The chairperson shall not announce adjournment of the meeting until the agenda in the preceding paragraph is completed (including extempore motions) unless duly resolved in the meeting.

- 5.10 Prior to speaking at the meeting, an attending shareholder shall submit a slip of paper summarizing his/her/its comments and/or questions and specifying his/her/its shareholder account number (or the attendance ID number) and the account name of the shareholder, in order for the chairman to determine the speaking order.

An attending shareholder who submits a slip of paper but does not speak at the meeting is deemed to have not spoken. In the event of any inconsistency between the contents of shareholder's speech and those recorded on the slip, the contents of shareholder's speech shall prevail.

On the same issue, each shareholder shall not take the floor more than twice and a shareholder shall not speak more than five minutes for each round unless agreed upon by the chairperson. However, if a shareholder's speech violates the rules or goes beyond the scope of the topic, the chairman may stop him/her from speaking.

When an attending shareholder is speaking at the meeting, no other shareholder shall interrupt the speaking shareholder unless otherwise permitted by the chairperson and such speaking shareholder; the chairperson shall stop any such violations.

In the event that a juristic (corporate) person shareholder appoints two or more representatives to participate in a shareholder meeting, only one representative may speak for the same issue.

After a shareholder speaks on the floor; the chairperson may answer either by himself or herself or through a designee.

- 5.11 The voting by shareholders shall be duly calculated based on the number of shares they hold.

With respect to the resolutions of a shareholders' meeting, the number of shares held by a shareholder without voting rights shall not be counted toward the total number of issued shares.

When a shareholder is an interested party in relation to an item on the agenda, and there is the likelihood that such a relationship would prejudice the interests of the Company, such a shareholder shall not vote on that item, and shall not exercise voting rights as a proxy for any other shareholder.

The number of shares for which voting rights may not be exercised under the preceding paragraph shall not be counted toward the voting rights represented by attending shareholders.

With the exception of a trust enterprise or a shareholder services agent approved by the competent securities authority, when one person is concurrently appointed as a proxy by two or more shareholders, the voting rights represented by that proxy may not exceed 3% of the voting rights represented by the total number of issued shares. If that percentage is exceeded, the voting rights in excess of that percentage shall not be included in the counting.

- 5.12 A shareholder shall have one voting power in respect of each share; however, this limit is not applicable to those who are restricted, or who do not have the right to vote under Paragraph 2, Article 179 of the Company Act.

When the Company convenes a shareholders' meeting, shareholders may exercise their voting right in written or electronic form; when they exercise their voting right in writing or electronic form, the exercise method shall be specified in the notice of convening the shareholders' meeting. A shareholder who exercises his/her voting power at a shareholders meeting in writing or by way of electronic transmission shall be deemed to have attended the said shareholders' meeting in person. However, the questions and motions of the shareholders' meeting and the amendment to the original proposal are deemed to be a waiver.

A shareholder intending to exercise voting rights by correspondence or electronic transmission under the preceding paragraph shall deliver a written declaration of intent to the Company two days before the date of the shareholders' meeting. When duplicate declarations of intent are delivered, the one received earliest shall prevail. However, when a declaration is made to cancel an earlier declaration of intent is not subject to the limits.

After a shareholder has exercised his voting rights in writing or electronically, if he wishes to attend the meeting in person, he shall withdraw, in the same manner, the previous exercise of voting rights no later than 2 days before the shareholders' meeting. Once the withdrawal is overdue, the previous exercise of voting rights in writing or electronically shall prevail. If the voting rights are exercised in writing or via electronic means and a proxy is entrusted to attend the shareholders' meeting by a power of attorney, the voting rights exercised by the attending entrusted proxy shall prevail.

Unless otherwise provided for in the Company Act and the Company's Articles of Incorporation, decisions at the shareholder meeting shall be resolved by a majority vote of the shareholders attending the meeting. When voting, the chairperson or his/her designated person shall announce the total number of voting rights of the shareholders present, and then the shareholders shall vote on a case by case basis. On the day after the shareholders' meeting, the results of the shareholders' consent, opposition and abstention shall be input into the MOPS.

In the event that an amendment or a substitute comes out of the same issue, the chairperson shall fix the order of balloting in consolidation with the original issue. When one among them is duly resolved, other issue(s) is (are) deemed to have been vetoed and no voting process is required.

The person(s) supervising the casting of the ballots and the person(s) counting the ballots are designated by the chairperson, provided that the person(s) supervising the

casting of the ballots shall be a shareholder. The recording procedure of issues of shareholder meetings shall be processing publicly in shareholder meetings and the results including statistical weights shall be reported on the spot and shall be recorded into the minutes of the meeting.

- 5.13 The election of directors at the shareholders' meeting, if any, shall be handled according to the relevant regulations on election formulated by the Company, and the voting results shall be announced on the spot, including the list of elected directors and the numbers of votes, as well as the list of unelected Directors and the respective number of votes received.

The ballots shall be sealed and signed off by the ballot inspectors and be kept for at least a year. In the event a lawsuit regarding the Directors election under Article 189 of the Company Act, those ballots shall be archived until the conclusion of the lawsuit.

- 5.14 Resolutions of the shareholders' meeting shall be recorded as minutes and handled in accordance with Article 183 of the Company Act.

With regard to the resolution methods in the preceding paragraph, if no objection is voiced by any of the shareholders when inquired by the Chairman, the wordings, "The proposal is approved by a unanimous consent of all attending shareholders upon inquiry from the Chairman", shall be recorded. For proposals where shareholders voice objections, the adoption of ballot casting method, number of votes, and its percentage of total shall be clearly stated.

- 5.15 On the day of a shareholders' meeting, the Company shall compile in the prescribed format a statistical statement of the number of shares obtained by solicitors through solicitation and the number of shares represented by the proxies and shall make an express disclosure of the same at the place of the shareholders' meeting.

For any shareholders' meeting resolution that relates to statutory regulations or to material information as specified by the Taiwan Stock Exchange Corporation (or Taipei Exchange), the Company shall upload, within the specified time limit, said resolution to the MOPS.

- 5.16 Staff at the shareholders' meetings shall wear ID badges or arm badges.

The chairman may direct patrol personnel or security personnel to assist in maintaining the order of the meeting. Such patrol personnel or security personnel shall wear arm badges or ID badges marked "Patrol Personnel" while assisting in maintaining the order of the meeting.

There is amplification equipment at the meeting place, if a shareholder makes a speech with amplification equipment not provided by the Company, the chair may stop it.

In the event that a shareholder violates the Rules Governing the Proceedings of Shareholder Meetings, defies the chairperson's rectification or obstructs progress of the meeting or objects to the action to stop him or her, the chairperson may instruct the rectification or security personnel to ask the shareholder to leave the meeting.

- 5.17 When a meeting is in progress, the chair may announce a break based on time considerations. If a force majeure event occurs, the chair may rule the meeting temporarily suspended and announce a time when, in view of the circumstances, the meeting will be resumed.

If the meeting venue is no longer available for continued use and not all of the items (including extraordinary motions) on the meeting agenda have been addressed, the shareholders meeting may adopt a resolution to resume the meeting at another venue.

The shareholders' meeting may resolve to postpone the meeting for a period of no more than five (5) days or continue the meeting pursuant to the provisions of Article 182 of the Company Act.

5.18 These Rules and any amendments hereof shall be put into enforcement after being resolved at the shareholder meeting.
